Information Retention Policy

Approved by: Finance Committee

Date: 17 October 2019

Last reviewed on: 17 October 2019

Next review due by: 17 October 2020

Our school aims to ensure that all personal data collected about staff, students, parents, governors, visitors and other individuals is collected, stored and processed in accordance with the [General Data Protection Regulation \(GDPR\)](#) and the expected provisions of the Data Protection Act 2018 (DPA 2018) as set out in the [Data Protection Bill](#).

This policy applies to all personal data, regardless of whether it is in paper or electronic format.

In accordance with data protection principles, the school does not keep information for any longer than is necessary for the purposes for which it is processed.

Personal data that is no longer needed will be disposed of securely. Personal data that has become inaccurate or out of date will also be disposed of securely, where we cannot or do not need to rectify or update it. In this context, secure disposal should be taken to mean disposal using confidential waste bins / bags or shredded using a cross cut shredder.

For example, we will shred paper-based records, and overwrite or delete electronic files. We may also use a third party to safely dispose of records on the school's behalf. If we do so, we will require the third party to provide sufficient guarantees that it complies with data protection law.

In setting the Information Retention Policy, the school has considered the recommendations made by the Information and Records Management Society (IRMS), guidance set out in "Keeping Children Safe in Education", published by the DfE, the Health & Safety Executive (HSE) and the Local Authority.
