

ICT BTEC

BRIDLINGTON
Sixth Form

WHY CHOOSE ICT @ BRIDLINGTON?

- Develop critical thinking and project management skills
- Apply expert and creative solutions to non-routine problems
- Learn new digital skills

Entry criteria: Average of Grade 4 in all of your subjects, a Grade 4 in English and Maths and a Grade 4 in ICT or Computer Science.

Learn to program using SQL, Haskell and develop advanced computer skills including Cyber Security, App Design, Website Design, Games Design, Social Media and Digital Marketing. You will learn to create ICT systems to manage information and discover how to use social media in business.

A person is shown from the side, working on the internal components of a computer tower case. They are using a yellow and black screwdriver to adjust a component. The case is open, revealing various cables and hardware. The background is slightly blurred, showing a desk with a keyboard and other office equipment.
