

# CHEMISTRY A LEVEL

**BRIDLINGTON**  
Sixth Form

## WHY CHOOSE CHEMISTRY @ BRIDLINGTON?

- Understand key connections between the sciences
- Learn how to solve problems and gain analytical skills
- Develop knowledge of the world around you

Entry criteria: Average of Grade 5 in all your subjects, a Grade 5 in English and Maths and two Grade 6s in Science.

Studying physical, organic and inorganic chemistry, you'll develop theoretical and practical skills, knowledge and understanding. Assessment is through written examinations.

“YOU GET  
TO FIND OUT  
WHY THINGS  
EXPLODE!!”

## WHERE CAN CHEMISTRY TAKE YOU?

Many students go on to study at university for careers in the clinical or health professions, while others may work in research, chemical engineering, law, computing, accounting or teaching.
