29 November 2021

Dear Parent / Carer

At 4pm on Sunday 28 November 2021 the Department for Education contacted all schools and stated "Face coverings should be worn in communal areas in all school settings by staff, visitors, and students in Years 7 and above, unless they are exempt."

All staff and students at Bridlington School will therefore all be returning to wearing a face covering when inside the building. The face covering can be removed when sitting at a desk in class or when eating as before.

Please can you ensure your child, unless exempt, comes to school with an appropriate face covering from Tuesday 30 November. This will allow you the opportunity to purchase them if you do not already have them.

Thank you in advance for your support.

Yours sincerely

**Kate Parker-Randall**  
Headteacher
