Ethnicity Geopolitics Travel

YEAR  
**13**

Paper 1: Hazards  
KS3 Themes: **The physical world**

Paper 2: Changing places  
KS3 Themes: **The human world**

Non-exam assessment: Independent fieldwork investigation  
KS3 Themes: **Geographical skills**

Paper 1 and Paper 2 revision for final A-Level exams

YEAR  
**12**

Paper 1: Coasts  
KS3 Themes: **The physical world**

Paper 2: Global systems and global governance  
KS3 Themes: **The human world**

Paper 1: Water and carbon cycles  
KS3 Themes: **The physical world, The environmental world.**

Paper 2: Contemporary urban environments  
KS3 Themes: **The human world**

YEAR  
**11**

Paper 1: The challenge of natural hazards  
KS3 Themes: **The physical world**

Paper 3: Fieldwork investigation  
KS3 Themes: **Geographical skills**

Paper 2: The challenge of natural resources.  
KS3 Themes: **The environmental world**

Paper 1 and Paper 2 revision for final GCSE exams

YEAR  
**10**

Paper 1: The Living World  
KS3 Themes: **The physical world, The environmental world.**

Paper 2: Urban issues and challenges  
KS3 Themes: **The human world**

Paper 2: Changing economic world  
KS3 Themes: **The human world**

Paper 3: Issue Evaluation  
KS3 Themes: **Geographical skills**

The physical/human world - example of interaction: Rivers

Geographical skills: Issue Evaluation

The physical/human world - regional example: The Tropics

YEAR  
**9**

The environmental world: The Geography of the environment

The environmental world: Natural resources

The physical/human world - regional example: The Middle East

The physical/human world - regional example: Africa

The physical/human world - regional example: Russia

Geographical skills: Plastic pollution

YEAR  
**8**

The environmental world: The Geography of the environment

The human world: Global development

The physical world: Ice on the land

The human world: The Geography of the UK

The physical/human world - regional example: Asia

Geographical skills: Map skills

YEAR  
**7**

The physical world: Weather and climate

The environmental world: Extreme environments

The physical world: Hazards

Introduction to Geography
