

## Our weekly roundup, shining a light on life in Bridlington School

We would like to remind you that we are closed on Monday as we pay our respects and observe Her Majesty's funeral. Students have been paying tribute this week by signing our commemoration book and learning about her life through assemblies.

### Round Up and Super Successes:

Thank you for all of your effort ensuring our students look smart for school. Students aren't wearing jewellery and are still in their shoes! We really appreciate them getting here on time so that they have a calm start to the day too.

6 staff and 60 students from across KS4 and KS5 attended Hull Bonus Arena on Wednesday evening to see Professor Brian Cox on his world tour - Horizons. We went on a dazzling cinematic journey looking at how we came to be and what we can become. The Arena was filled with far-away galaxies, alien worlds and supermassive black holes used to explore the nature of space and time. It was amazing to see science come to life in front of our eyes. What did we learn? ... That there is still so much to learn!

This week our character card was optimism. Students have been selecting bacon sandwiches, lucky dips or raffle tickets for a draw to win £50. Well done to all of those who received an on the spot reward! Next week, our character card is resilience.

### Exciting events:

We have a wide range of over 20 lunch and after-school clubs taking place this term. Our extra-curricular timetable has been shared on our website, across our social media channels and on Class Charts. From Rock Choir to Eco Club, Running Club to Debate Club, we hope there is something for everyone. Posters are up around school with times and venues, so we encourage students to sign up to as many as they would like to. It would be great for them to grab these opportunities. They may discover a hidden talent, develop a new interest and make new friends along the way.

Year 10 will be involved in a careers activities experience in the week commencing 5<sup>th</sup> June 2023. It is hoped many of our Year 10s will be out of school on self-canvassed work experience during that week. Please encourage Year 10 students to start seeking out work experience opportunities as early as possible in order to secure a placement that will give them the most benefit. Likewise, if you are able to offer work experience, please contact Mr. Pick. Year 9 have started their career interviews with our specialist school careers advisor. We like to start discussing subject options so that they are well informed when making their decisions.

On Thursday 29<sup>th</sup> September, we will host our Sixth Form Open Evening. All Year 11 students are invited to attend. It will take place in the Sports Hall from 4pm – 6:30pm and specialist Sixth Form teachers will be on hand to discuss A Level and BTEC courses.

### Important information:

This week we have seen hundreds of stamps awarded! Please make sure that you are logged on to Class Charts so that you can see for yourselves the stamps that students receive; there is also a tab for homework. You can also communicate directly with teachers via Class Charts. Our staff are very committed and hardworking and always go the 'extra mile', however they do need some 'down time' so we do tell them not to respond after 5pm- although they often need reminding of this! Teachers will usually reply or call back within 48 hours.

Homework will be issued next week. We will reward students who submit homework with 5 stamps. We do not want homework to become an issue at home; students should only spend 20 -30 minutes on each piece. We most definitely do not want students up late worrying about missing a deadline or parents and carers feeling stressed because of it; we do not want it to impinge on family life. You can find our homework policy on our website.

We are on Instagram, Facebook and Twitter – search for Bridlington School and give us a follow! Website: [www.bridlingtontschool.co.uk](http://www.bridlingtontschool.co.uk)
