

The Torch

Our weekly roundup, shining a light on life in Bridlington School Round Up and Super Successes:

This week saw a group of students from years 9 to 13 visit the WiME (Women in Manufacturing and Engineering) careers fair in Hull and engaged with women working in manufacturing and engineering from over 30 employers. All who visited found the experience hugely beneficial.

On Wednesday, years 9 to 13 had Sexual Health talks from the CHCP sexual health team.

Year 12 students attended their first session of the Bridlington Medical, Health and Social Care Academy along with students from Headlands School and East Riding College. They took part in icebreakers and some research around the opportunities available in the 365 job roles in the NHS which they then presented to their peers.

On Wednesday lunchtime, Mrs Johnstone hosted a reading café where students and staff were encouraged to bring along a book, have refreshments and read.

Mr Wilson's year 8 geography group had their third of five 'future thinking' workshops delivered by staff from Hull University.

On Thursday, year 13 geographers visited the beach for their fieldwork. and the sixth form had their first lunchtime science café discussion.

The science department hosted a very popular sixth form science discussion café over lunchtime within the sixth form centre.

It was National Poetry Day which saw students engaged in activities in tutor time and in lessons and a poetry writing workshop in the library at lunchtime.

On Thursday evening we had a very successful open event showcasing our facilities to the upcoming year 5 and 6 students. The school will be open again on Saturday morning.
