

The Torch

Our weekly roundup, shining a light on life in Bridlington School

Round Up and Super Successes:

Tuesday saw a day heavily focussed on future plans and next steps. Year 7 and 8 had assemblies as part of the Shine programme with the University of York looking at higher education whilst year 11 had tasters in their choices of sixth form subjects.

On Tuesday evening there was a sixth form karaoke night.

On Wednesday year 11, 12 and 13 science students had a visit from three physicists with a broad range of specialisms including astrophysics and lasers. One of these was Antonia Barnard who is completing her PhD after discovering a love for physics at Bridlington School.

Wednesday also saw the hugely year 7 and 8 Halloween disco take place.

On Thursday we had a non-uniform day for the last day of the half term which raised £610 for The Hinge. A group of students from years 9 to 13 visited Hull New Theatre to watch 'Annie'.
