

The Torch

Our weekly roundup, shining a light on life in Bridlington School

Round Up and Super Successes:

We have had a really positive start to the 2024/25 academic year. Our new sixth formers, year 7s and teachers have settled in well.

The whole school has been involved in baseline testing in every subject to identify gaps in students' knowledge and inform teachers' planning as we move forward.

Our new year 7s have been involved CAT (Cognitive Ability Test) and NGRT (New Group Reading Test) testing to assess their current ability to inform planning on how to move their learning forwards.

On Tuesday, Cirkits visited the creative digital department to work with students with their component builder kits.

On Friday we had our first trip of the year with year 10 triple science students visiting Cranswicks to learn about science careers.

Students of the week are:
