

# The Torch

## Our weekly roundup, shining a light on life in Bridlington School

### Round Up and Super Successes:

On Monday the sixth form geographers visited Newcastle upon Tyne for their A-level fieldwork exploring the impact of regeneration across the city centre and completed a range of fieldwork techniques.

On Wednesday, ten year 11 students visited the University of York for the Shine Summit to conclude the Shine programme, a partnership project with the university that they have been involved in since year 7. They looked at post-16 options, dealing with pressure and revision techniques and caught up with friends from other schools they met on their year 10 residential.

On Thursday, thirty year 7 students started the IntoUniversity programme working with staff from the IntoUniversity centre at Christ Church. They looked at transferable skills including communication and teamwork and discussed their talents and skills and aiming high.

On Thursday evening a large number of year 10s and 11s visited our Sixth Form Open Event to have in-depth conversations with subject teachers and support and explore their next steps in our vibrant, inclusive sixth form.
