

The Torch

Our weekly roundup, shining a light on life in Bridlington School

Round Up and Super Successes:

On Wednesday morning we had our fabulous year 7 Business Breakfast, a new careers initiative in which year 7s developed their oracy skills they have been working on in English and their networking skills through talking to a range of employers. 23 of our careers partners helped out and talked to the students. These included firefighters, police personnel, solicitors, social workers, HR professional and BAE engineers to name but a few. The employers gave great feedback about the engagement of the student.

On Wednesday afternoon, year 13 students had mock interviews with a variety of healthcare professionals along with students from Headlands School and East Riding College as part of the Bridlington Medical and Health and Social Care Academy. The rest of the sixth form took part in Restart a Heart, learning valuable life-saving skills.

On Thursday years 7 to 10 had road safety talks from Humberside Fire and Rescue.

On Friday, the University of York came in for assemblies with year 7 and 8 as part of our ongoing Shine partnership. Students took part in interactive assemblies. Year 7 were super sleuths, completing tasks to reveal the letters to open a safe and year 8 took part in a jungle trek looking at resilience, study skills and wellbeing.
